## **Race Summary and Acknowledgements**

Well what a day! Everyone at the North Bucks Road Club and Team Milton Keynes knew that we were going to have a busy time as soon as we realised that we had a bumper entry, topped of course by a smattering of Olympic, World and Masters Worlds medallists. Being British, we of course have to confirm that the weather was kind to us on the day, ensuring that riders and spectators were comfortable and that we were able to conduct the prize presentations in the garden rather than cramming into the main hall. The quality of entries received, based on times, must surely have meant that we had the best time trial field assembled for many years, and the times posted by most confirmed this. To a certain extent we were a victim of our own success as not only did we have a large number of existing enthusiasts watching, but also a lot of local people got to hear that Bradley and Emma, amongst others, were riding.

I personally didn't get a chance to watch the event at the top of "the hill" but I'm told by many that it was one of the best atmospheres that they'd ever experienced at a TT, so we were very pleased to hear that. We did have one or two issues with the complexities of the UCI regulations, and parking was clearly an issue for some in Botolph Claydon, despite the adjacency of a very large car park. Our musicians had a bit of a technical hitch, and yes, the tea provided by the Claydon's Women's Institute was a bit pricey. We've learnt from these things and have passed several tips on to next year's organizer. Overall, we'd like to think that the event was quite successful and would like to thank you all for coming along.

Congratulations to all of the Category Winners, and everyone else for superb rides on the day. Many said to me that they had been inspired by the occasion. How often do you get cheered on when you're riding a time trial?

My hearty thanks to the seventy plus helpers that we had before, during and after the day, including not only members of the promoting clubs, but also numerous other local clubs as well as friends and relatives. On the day we had nine timekeepers in total drawn from both London North and S.E. Midlands division. I'd like to single out Darryl Webster, former multiple time trial champion and top roadman from the 80's, for particular thanks for coming along to present the prizes, and look forward to seeing him in competition again soon. Colin Docker and Stuart Cook also did a sterling job in administering the many facets of this event, especially UCI machine compliance.

23C did a superb job in sorting out everyone's bikes for UCI compliance and also to stop one or two machines from falling apart on the day. We hope that you will take the opportunity to visit their shop soon ([www.twenty3c.co.uk](http://www.twenty3c.co.uk)). Also many thanks to the ladies of the Claydon's Women's Institute for looking after the refreshments for the whole of the day.

I'm off for a quiet training ride now!
